

# Deck Construction

Keystone ASHI and Simpson Strong-Tie present an informative look at proper deck construction. The presentation covers:

- Basic Fasteners
- 10 Things to look for on and Existing Deck
- "Continuous Load Path" Basics
- Ledger Connection Requirements
- Post and Guardrail Connections
- Built-up Beams and Girders
- Bearing Requirements for Joists
- Stair and Stringer Requirements
- Requirements for Pressure-Preservative Wood
- Corrosion Considerations and much more.

Learn deck inspection musts.

## About the Presenter:

Erin John Barker is a sales rep for Simpson Strong-Tie. His territory includes Eastern Pennsylvania and East, West and South New Jersey. Erin presents the seminar in a fast moving, informative style that is sure to provide information you can use every day. Erin will also have handouts that give an in depth look at decks and deck construction.

[Keystone ASHI](#) is a local Chapter of The American Society of Home Inspectors. The chapter meets the first Monday of each month. If you would like to attend a chapter meeting contact David Artigliere at [artih@hotmail.com](mailto:artih@hotmail.com). For information about membership, contact Michael Roessner at [inspector@inspectnow.com](mailto:inspector@inspectnow.com)
